

The Schenectady Foundation

2018 Grant Program – Key Dates

Submission of Letters of Inquiry (LOI)

Letters of Inquiry may be submitted at any time. The Foundation strives to respond to completed LOI within 30 days of submission. During the review period, applicants may be asked to submit additional information, or to meet with the Foundation. LOIs receiving approval will be immediately moved to the grant application stage of the process.

Submission of Grant Applications

Grant applications received by the following dates will be brought to the Foundation Board for consideration at their next scheduled meeting – usually about 5 weeks after the submission date:

March 20, 2018

May 23, 2018

August 29, 2018

November 14, 2018

The Foundation will meet with each applicant for a grant conference, to ensure that we understand the proposed project, and have an opportunity to fully explore the potential of the project. Applicants can expect a response as to the disposition of their application usually within two weeks following their grant conference.

For more information on the grant calendar, please contact Kristi Miller, kmiller@schenectadyfoundation.org.
